* Studying English, Intermediate Level.

* Studying Full-Stack-OneBitCode programming.

* Basic knowledge in Docker.

* Basic knowledge in SCRUM.

* Intermediate JavaScript.

* Knowledge in GitFlow.

* Knowledge in Bootstrap.

About me:

I'm enthusiastic when the subjects are technology. Right now I'm studying developing Front-end. I'm looking for my first job in the area, to improve my skills as a developer, using the tools that I'm learning in CSS and JavaScript , as well my soft skills as a person.
